

## Week 3: Household

### DIY Laundry Detergent

#### What you need:

- 1 l of water
- 20 g grated curd soap
- 4 tbsp washing soda
- 5-10 drops of essential oil

#### Let's go:

1. Grate curd soap with a kitchen grater.
2. Then pour 1 liter of boiling water over it and mix with a whisk until all the soap pieces are dissolved.
3. Let the mixture cool down until it is lukewarm.
4. Now slowly add the washing soda and stir until everything is dissolved and the consistency becomes firmer.
5. Add essential oil as desired and fill into a container.
6. Use 2-5 tablespoons of detergent per wash cycle, depending on soiling and quantity.
